MEMORANDUM FOR: Director of Central Intelligence

FROM: EA/DCI

SUBJECT: Proposed Agendas for This Week's Meetings with
Messrs. McFarlane, Weinberger and Shultz

1. Thursday Meeting with Bud McFarlane. So far there are four items on the agenda, three at our initiative and one from the NSC:

- Buckley Update. DO/NE will provide the latest information on this. Their paper will emphasize the close collaboration between State and CIA as we approach what we hope will be resolution of this matter.
- Central America. As you will recall, a Bulgarian ship left Libya a few days ago loaded with aircraft and arms whose final destination is believed to be Central America. ANIO/LA is preparing talking points on the implications of the introduction of L-39 aircraft to Nicaragua; the L-39s may come up at Friday's NSC on negotiations with Nicaragua.
- SNIEs and NIEs. McFarlane had requested that we do a number of NIEs, SNIEs and IIMs. By Thursday, [] will have provided a response to McFarlane's memo for your signature.
- Intelligence Budget (NSC Item). Ken deGraffenreid says that the White House legislative liaison people are concerned that the Congress--particularly HPSCI--may damage NFIP collection capabilities by overly zealous budget cuts. IC Staff is preparing talking points on the problem and our intended course of action.
